

Focus Select®

- + EYE NUTRITION MADE EASY
- + SOFTGEL OR CHEWABLE
- + SAFER FOR MORE PATIENTS

AREDS2 Based Formula

We believe our #1 physician recommended supplement is the safest and most effective formulation to support ocular health.*

The Focus Select® formula reflects the latest improvements discovered in the National Eye Institute’s Age-Related Eye Disease Study (AREDS2®), replacing beta-carotene with lutein and zeaxanthin and limiting zinc to the lowest dosage proven effective in the study. Our formulation not only provides powerful levels of the nutrients shown to be beneficial in AREDS2®, it is safer for smokers than the original AREDS® and reduces the risk of side effects associated with higher levels of zinc found in common brands.*

Daily Dosage: 2 Softgels

Amount Per Serving	%DV
