

Focus PI

Post-Injection Eye Drops

- + LUBRICATING EYE DROPS
- + FAST-ACTING RELIEF
- + SOOTHES SCRATCHY, DRY EYES

Clinically proven to lubricate, hydrate, & relieve the eyes from irritation

Focus Vitamins has formulated Focus PI (Post-Injection) eye drops to provide your patients relief from irritation associated with eye injections.

As the only product of its kind, Focus PI enables the following opportunities for your practice:

- Administer Focus PI on-site following any eye injections to elevate your level of service, patient satisfaction, and brand
- Offer Focus PI directly to your patients for purchase to increase clinic revenue
